

With the second Term coming to close, I would like to ask parents to encourage their students to buckle down and finish strong in their classes. The exams are right around the corner, but it is still not too late to take advantage of the time we have left.

Our extracurricular programs continue. Dilmun School expands the number of extracurricular activities to ensure proper personality development of our students. Recent Traffic Safety Campaign, Helping Hands Community project and the Sport Day were really a success for our school. Apart of educational development Dilmun students are exposed to community of Bahrain learning the advantages of appreciating the national heritage of Bahrain.

In the Month of April we will be visiting French Association enjoy French culture and traditions. I hope that all parents and students are preparing for Term 2 exams and I am sure the results will be even better than the Term 1.

Wishing you all the best of luck,

Jwona Kojder

PTA CORNER

Partnerships between parents, educators and children work to enhance the child's success within as well as outside the walls of the school. We know that children learn more and have better lives when everyone in the school community works together to share thoughts and information; working together on projects to benefit all the children DILMUN. One of the most important organizations at DILMUN is the Parent Teachers Association (PTA).

Parent-Teacher Members

Judge Khalid Mahyob

Dr. Mohammed Rafee

Dr. Waseem Yousif

Mr. Ali Eshaqi

Ms. Layla Mansoori

Ms. Shereen Ali Hussain

For the school year 2014-2015 the PTA established the following goals: the improvement of parental communication and involvement, training for health and safety practices, and the implantation of the PTA Family Fun Day event. We are looking forward to continuing the connection between the parents, teachers and students of Dilmun School in the years to come.

Should you wish to become a PTA member kindly send us your written letter, so we can reply to you in this regard.

TIPS FOR PARENTS

Be prepared

Many teachers will send information home about testing schedules and class preparation plans. Information that you should know includes:

- What is the test and what will it measure?
- Will the test results affect your child, school, or both?

Help your child in areas that are difficult for her

If your child has struggled with a particular area or subject in the past, you may be able to help her overcome some of that difficulty by providing some extra practice. Many workbooks target test preparation by offering practice exercises and questions like the ones students see on the test. Focus your practice on your child's weaknesses rather than her strengths so that she doesn't get bored with the exercises (Narang, 2008).

Give your child a chance to practice

If your child has trouble taking tests, try practicing test questions and studying new words. Your child's school or the library may have some samples to use. Keep the sessions short, and set small, manageable goals so that the extra practice boosts your child's confidence

• On Test Day

• Make sure your child gets a good night's sleep and eats a healthy breakfast

• Many teachers report that students who don't do well on tests haven't gotten enough sleep, and haven't eaten breakfast on the morning of the test. Doing both of these things will ensure that your child is working at full capacity .

Helping Hand Committee

“ A Joy that’s shared is a joy made double”

The Helping Hand committee has extended a helping hand to “Feed the needy” in Bahrain by contributing food items in the month of February.

On the 25th of February Year 3A, 4B and 5B students brought food items to be placed in the fridge meant for the needy people. This fridge is placed near the school in Adliya. The students were very enthusiastic to participate in the activity. We plan to share food with the needy every month. We thank the parents for their cooperation. We aim to let our students to learn to share with and care for the less privileged.

Helping Hands Committee

Campaign on road safety.

Aster saferoads is an initiative by Aster DM Healthcare to make our road safer. The campaign is to take a pledge to make road safer.

IPLEDGE

- To always wear a seatbelt
- To not be on phone while driving
- To use zebra crossing, subways and footpaths

THANK YOU!
